OCIR would like to have a sense of timing, how heavy a lift this will be, what is involved in responding. Once we can provide that feedback Sven/OCIR wants a 30 minute meeting to talk through this. I suggest that meeting happen at your level since we may be seeing more of this type of request per Sven. Sven said it could be your level or if you prefer at the staff level. In the meantime I will flag for Jeff, et. al.

TSCA PFAS Team – please see an advance copy of a new letter from Cong. Tonko and others concerning PFAS data collected through the TSCA program. I'll control the letter to OCSPP for a response and you should be seeing it shortly. Given the nature of the questions, I'm including my OCIR colleague Kristien Knapp who works on oversight requests. We would like to have a 30 min meeting to discuss handling including timing and workload for responding. Please let me know if any questions. Thanks,  
Sven
